

THEA 470 : Internship

The internship is a faculty supervised on or off-campus experience that is related to theatre. The experience must be approved by the department chair prior to the beginning of the internship. When completed off-campus, the work is supervised jointly by a faculty supervisor and a designated off-campus supervisor. After completing the internship, students submit reflective essays regarding the quality of the internship experience and its connection to theatre. The student is evaluated by the faculty supervisor who may take into consideration the evaluation of the mentor. Fifty hours of work is required for each one credit. (This course is a credit/no credit course.)
